

# Andy Yuen

Software Engineer

## SUMMARY

Creative, detail-oriented, software engineer with an interest in building interactive and modern websites. Proven track record of creating and implementing successful front and backend web applications. Looking to bring my skills and creative mindset to companies.

## WORK EXPERIENCE

### Associate Software Engineer at Infosys, Richardson, TX

March 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications
- Applied agile methodologies like SCRUM for project management

#### Recent Projects:

**Spring Savings (Fullstack Web App)** – Users can log in or sign up for an account. Handle transactions such as deposit, withdrawal, and transfer to bank accounts. Users can also see previous, current, or transactions from a single entity.

**Cookie Jar (Fullstack Web App)** – Users can log in to their profile and find their list of orders. They can add new orders through an input, which they can then edit or delete all items in their profile. Managers or owners can add inventory items, adjust price, quantity, and update items.

### Data Annotation Specialist (Quality Control Analyst) at Tesla | San Mateo, CA

November 2020 — November 2021

Contributed to data labeling for full self-driving program and collaborated with product managers and engineering teams to evaluate/solve difficult edge cases in traffic scenarios. Also applied personal judgment when using the autopilot labeling interface to train the AI neural network.

**Projects:** Contributed to the early development of FLIDE and technical documentation to create a labeling guideline for data annotators.

### Distribution Assistant at Paylocity | Oakland, CA

November 2019 — March 2020

Collaborated with various teams to ensure orders, checks, and vouchers matched reports. Also onboarded and trained new hires on how to operate machinery and provided assistance in processing tax forms at year-end.

### Order Receiver at Safeway | Alameda, CA

May 2014 — August 2017

Established customer relations by assisting and recommending products to customers. Also improved productivity and decreased late orders by suggesting improvements to the mapping of aisles in mapping tool. Provided assistance to other departments to reduce out-of-stock items and suggestions on substitute items.
